WORK EXPERIENCE

The Collecting Group Ltd   **Nottingham, UK**
Website Developer   *September 2021 - April 2023*

Designed, developed, tested and maintained features for two online auction websites ([collectingcars.com](#) and [watchcollecting.com](#)).

- Improved interactivity for both websites navigation to optimize user experience and tested to 100% code coverage using unit tests.
- Developed automated test suites to fully test 16+ custom web pages using Cypress.
- Raised tickets on project management software such as Jira and Asana for documenting and tracking bugs and defects.
- Migrated from AWS CodePipeline to GitHub and maintained continuous integration through CircleCI.
- Redesigned the user interface of language options and tripled the selection of language translations available through integrating and testing a third-party API.
- Saved developer time by streamlining deployment processes for website updates by implementing Contentful CMS.
- Developed microservice for handling user data and displaying badges alongside usernames. Improving trust between reputable buyers and sellers on our platform.
- Conducted an SEO audit and improved page load time and Cumulative Layout Shift (CLS) score, resulting in better search engine visibility and user experience.

Nottingham Forest FC Ltd   **Nottingham, UK**
Team Photographer   *September 2021 - April 2023*

- Shot, edited and captioned imagery of matchday events, game action and press conferences.
- Oversaw the organization and maintenance of the club's image archive.
- Provided imagery for corporate partners and sponsors, including imagery of advertising materials, shirt sponsors and stadium branding.
- Produced all content in line with the club's digital strategy, brand and style.
